## Child

Name: Emily Doe

Date of Birth: June 15, 2010

Age: 14 years

Address: 123 Maple Street, Springfield, IL 62704

## Request for Temporary Custody Modification

This document pertains to the request for a temporary modification of the current custody arrangement for the minor child, Emily Doe, under the case number C12345678. The plaintiff, Jane Doe, is seeking an urgent temporary modification due to recent developments that impact the best interest of the child.

## Current Custody Arrangement

Currently, Jane Doe has primary physical custody of Emily Doe, while John Doe has visitation rights every other weekend from Friday at 6:00 PM to Sunday at 6:00 PM, along with extended visitation during the summer months and alternating holidays.

## Reason for Temporary Modification

Jane Doe is requesting a temporary modification of the custody arrangement due to the following reasons:

- **Health Concerns:** Emily has recently been diagnosed with a medical condition that requires frequent monitoring and specific care, which Jane Doe is better equipped to provide, given her proximity to specialized medical facilities.
- **Educational Disruptions:** Emily's current school has recommended limited travel and changes to her routine to accommodate her treatment schedule and ensure minimal disruption to her education.
- **Emotional Stability:** Emily has expressed a preference to stay with her mother during this period to maintain a sense of stability and security while adapting to her new circumstances.

## Proposed Temporary Custody Arrangement

Jane Doe proposes the following temporary custody arrangement while Emily undergoes treatment and adjusts to her new medical and educational needs:

- Jane Doe will have primary physical custody of Emily Doe, with John Doe having supervised visitation rights at mutually agreed-upon times, to ensure continuity of care and stability for Emily.
- John Doe will be granted additional visitation rights during school breaks, holidays, and weekends once Emily's condition stabilizes and is deemed manageable by her healthcare providers.

## Supportive Documentation

Attached to this document are the following supportive materials:

- Medical records and letters from Emily's healthcare providers outlining her condition, treatment plan, and recommendations.
- A letter from Emily's school principal detailing the necessary accommodations and support required for her continued education.
- A statement from Emily expressing her preferences and reasons for requesting the temporary modification.

## Conclusion

Jane Doe respectfully requests that the court grant this temporary custody modification to ensure the best interest of Emily Doe during this critical period. The proposed arrangement aims to provide the necessary stability, care, and support that Emily needs to thrive.
